

About The Program Designer

Quinton was born in South Australia at Gladstone, north of Adelaide. His formal education began at Loxton continuing at the seaside town of Kingston South East then Bordertown inland. He completed secondary schooling in 1981 at Kent Town, Adelaide city; with a brief tertiary experience at Flinders University in 2011/12. His wilderness years taught him many valuable lessons on faith, trust, forgiveness, self mastery, in particular personal survival. Quinton is Chief Director, President of several growing commercial enterprises and has a genuine desire to share Key Universal Laws to being secure, healthy, happy and successful in a fragile, insecure and directionless k2 world.

"Precedo pre victoria" is most appropriate for this age of information availability. Every tool to equip oneself to succeed, is a mere mouse click away — when you know what to look for!

The Vision

**That you glorify in your Mind,
The Ideal that you enthrone in
your Heart; This you will Build
your life by -**

This you will become!
